HAIR TO BURN.

In conformity to an edict from the Chinese throne, issued some time ago, the male citizens of the Chinese empire to the number of some 200,000,000, are now cutting off their queues. The hair-cutting began a week or two ago, and it is expected the job will be finished in a few weeks.

This is a step in the reform and progressive program adopted in the Celestial empire. The wearing of the queue was imposed upon the native Chinese by their Manchu conquerors when the present Manchu dynasty assumed power and the throne. All male Chinese were to wear the queue to distinguish him from the Manchus; it must be worn through life, and the only excuse for its absence was sickness, such as typhoid, which would cause the hair to fall out. As the Chinks thought it better to cut off the hair than to have the entire head incised, the edict was complied with religiously. And now, to show that the Chink is just as good as anybody else, he needn't wear the queue; in fact, he can wear his hair in any old fashion he pleases.

But just think what a glut there is going to be in the hair market. Supposing that each queue will weigh, on an average, two pounds, here is four hundred million pounds of human hair unloaded on the hair market at once. Of course the Chinese product is coarse in texture, and will hardly conform to the requirements of my lady's coiffure (which is mainly supplied from the ranks of the peasant girls of France and Germany), but it will meet so much of the demand that dealers in hair goods are somewhat alarmed at the prospect. There is enough hair in this present Chinese clip to stuff every hair mattress in the United States, and then some.

But the needs of dealers in a mercantile commodity cannot be expected to stand in the way of a great social reform such as this. This is the age of the queueless Chink.

REVOLUTION IN
HONDURAS MAY BE
ALL A CANARD

By Associated Press.

TECUCALPA, Honduras, Dec. 30.—Rumors of political disturbances continue to reach the capital from outside points, but so far as the government and the people here are aware, they are baseless. Up to today there has been no revolution in the country and there are no signs of an uprising.

STRONGLY FAVORS
A CITY OF LIGHTS

Editor Tonopah Bonanza.

Dear Sir:—It has been with the greatest interest that I have read the different articles in your valuable paper relative to the poor street lighting system that the city of Tonopah now has to contend with, and I desire to say that you have expressed the sentiments of everyone with whom I have talked the matter over.

In the neighborhood where I reside, our illumination is caused by a single gas lamp, situated two blocks from my home. Frequently on returning home late at night from my business, I am compelled to carry a sum of money, and as the way is always dark, except when light is furnished by the moon, I am somewhat apprehensive. I understand that the electric light company will install a great many additional lamps at practically the same cost as the city now pays the gas company. As we have everything to gain and nothing to lose, I say have the county commissioners award the contract to the power company. As yet I have not heard a person advocating the cause of continuing with the gas lamps.

I am a strong advocate of having Tonopah a "city of lights" instead of a "city of darkness."

Trusting that the taxpayers are successful in their battle for a better Tonopah, I remain, yours truly,
G. S.

Tonopah, Nevada.

V. & T. SHOPS NOW
RUNNING FULL FORCE

Unlike a month ago, says the News, there is plenty of work going on in the V. & T. shops. The Verdi Lumber company has sent one of its engines over for general repairs.

which means two months' work for the present force. V. & T. engine No. 22 is also on the stocks being changed from a wood to an oil burner. The foundry has orders ahead continually and is worked to its full capacity. All the other departments have taken their men on again and seem busy.

PLAYING A SAFE GAME

He may have meant to be polite, but there can be no question that he actually did a very rude thing. He was a Frenchman, riding in a street car. Two women entered and, seeing no seats, stood. The gentleman who sat near them arose, removed his hat, and said, "I give my seat to the elder of these two ladies."

Neither made a move to take the seat, but each glanced at the other in a haughty manner, as much as to say, "Sit down, madam!" "Is neither madame," said the Frenchman, bowing to one lady, "nor madame," bowing to the other, "the elder? Then I shall have to resume my seat."

ELKO COMMISSIONER DEAD

County Commissioner George Moody, of Elko county, died at his home Saturday. Mr. Moody was formerly county commissioner of the above-named county and was re-elected at the last election. The deceased was a democrat. The appointment of a member to take the place of the deceased will fall to the power of Governor Dickerson.

The feature of the overall dance at the Big Casino New Year's eve will be the five-round boxing match. Everybody invited. 12-29-31
